

SCHOOL SOLUTIONS

ABOUT US

Established in 2018, National Elite Sports Coaching provides a number of football and multi-sports activities to communities across the North of England.

We firmly believe that by giving children “something to do” after school and during the school holidays, we can make a significant difference to their lives and communities in general.

NESC classes and camps give the children access to sporting facilities and qualified instructors. All of our coaches are fully qualified, FA licensed, DBS checked, insured and first-aid trained.

There are a myriad of benefits socially, physically and mentally to sport and structured sporting activities such as ours. For one, it encourages an active lifestyle, helping reduce the risk of a multitude of health issues later in life. More specifically, the children learn new skills, make new friends, build their confidence, socialise in a non-threatening way, develop communication and, essentially, run around and “let off some steam” in a supervised manner.

EXTRA CURRICULAR / AFTER SCHOOL CLUBS

Our extra-curricular and After school clubs program offers your school an opportunity to create a portfolio of a wide range of activities throughout the school year for all the children to be a part of.

We believe that every child should be given the opportunity to be engaged in physical activity at school. Our highly trained staff engage your children in sports and physical activities during lunchtime alongside pre-planned afterschool clubs

We currently run a vast range of activities around the school day such as cricket, netball, tag rugby, Cricket, Boxing, and much much more

WHO WE CAN HELP? LUNCH TIME AND TEACHING STAFF

Many but not all lunchtime supervisors feel ill-equipped to provide suitable lunchtime activities that could be helping to deal with challenging behaviours during the school days.

At National Elite we can offer a solution that would provide these staff members with the skills and confidence to lead engaging activities.

If you want to improve the quality of your school's PE lessons and invest in your Primary PE and School Sport Premium in a cost-effective and sustainable manner this could be the option for you.

OUR COMMITMENT TO YOU

All our coaches are qualified in their respective sports. In addition, all coaches are subject to completing a safeguarding and child protection workshop, an emergency first aid course, and complete an enhanced DBS check.

Throughout the school year, our team continuously attends additional training programs to ensure that they are always at the top of their game
